# FREEDOM & ADVOCACY

Tiffany loves to travel. Whether for work or relaxation, she does it in style. As in life, Tiffany does not let her physical limitations determine her destination. She has, however, noticed that several adjustments still need to be made to accommodate persons traveling with different needs. Helping to bring awareness to, and work toward solutions for, improved accessibility in travel is a mission of hers.

She shares her travel rich lifestyle to encourage others - those in wheelchairs, people with disabilities, and the general public - to get out and see the world. Tiffany believes that travel can help us all to appreciate the world, and learn to get along better with our fellow inhabitants of it.
